

# Bar and Beverage Planning Guidelines

D'Amico Catering can provide a full bar set-up in a range of prices per person depending on the brand of product and length of time requested.

Your D'Amico Catering Event Planner will be happy to help you determine the type of service and bar option that best meets your needs.

## Bar Options

### Hosted Bars Billed-On-Consumption

Bar will be estimated at an average price per person based on the length of time and bar service selected. Final bill will be adjusted to reflect the amount consumed and the client will be charged or refunded accordingly.

### Hosted Bar Packages

A set price per person will be calculated based on the length of time and bar package selected. Any additions to the bar package will be billed separately.

### Cash Bars

Guests at the event will purchase their own beverages at the bar. Cash bar prices are inclusive of the appropriate tax and service charge.

### Alcohol-By-Client Packages (available at select off-premise locations only)

Three options are offered to clients who want to purchase some or all of their bar products, but still use D'Amico Catering's glassware, bartenders and liquor license.

## Enhancements

The bar packages have been carefully created and priced to provide a variety of bar options and to best meet the needs of our clients. For this reason, products in each package will not be altered.

Items outside of the selected package may be added to the bar upon request and the client will be charged accordingly. Items that are listed in our bar menu will be billed on consumption. Special orders for items that are not listed in our bar menu will be billed to the client in full and will not be adjusted per amount consumed.

Beverage service can also be enhanced through the following options. The same guidelines apply for items that are listed in our bar menu and items that are special orders.

- Wine service with dinner or butler passed will be priced by the bottle.
- Sparkling wine available at the bar, for toasting or butler passed, will be priced by the bottle.
- Specialty cocktails available at the bar or butler passed will be priced per drink.
- Non-alcoholic beverages that are not included in the bar package will be billed on consumption.

## Additional Bar Notes

The price per person includes glassware, mixes, ice, beverage napkins and garnishes.

For cash bars, a \$150.00 bar minimum fee will be waived if the net revenue of the bar reaches \$500.00 per bar.

Tip jars are standard on bars with cash sales.

All bars will close 30 minutes prior to guest departure.

Per the State of Minnesota regulations, the minimum purchase of one serving of food per guest is required with all bar services.

All guests who may consume alcohol must be of legal drinking age and have a valid ID. D'Amico Catering staff will check guests' IDs at their discretion and bartenders will not serve underage or intoxicated guests.

We want to ensure that your event is memorable for all the right reasons. Our trained professional staff will serve you and your guests with your enjoyment and safety in mind.
